

Sustainable Business Summit

Reducing Emissions while Increasing Profits

Local Sponsorship Opportunity

A joint initiative of Community Futures Grenville and the North Grenville Mayor's Taskforce for Clean Technology

Rural businesses are emerging as powerful leaders in a changing economy. The **2026 Sustainable Business Summit** will explore how small local businesses can strengthen their competitiveness by participating in the clean energy economy—through cost-saving energy solutions, innovative products and services, and new market opportunities.

This half-day summit brings together entrepreneurs, clean technology providers, industry leaders, government partners, and community innovators to:

- Share practical, affordable strategies to reduce emissions and operating costs
- Highlight local success stories across multiple sectors
- Build business-to-business connections that support growth, resilience, and profitability

Date: April 24, 2026 | 8:00 a.m. – 12:00 p.m.

Location: Municipality of North Grenville, 285 County Rd. #44, North Grenville, ON

Why Sponsor?

By sponsoring the Sustainable Business Summit, your business will:

- Demonstrate commitment to practical, solutions-oriented sustainability in our region;
- Position your business in front of local decision-makers actively exploring clean energy, efficiency, and sustainability investments;
- Network directly with potential buyers, suppliers, and partners, including small businesses seeking clean technology products and services;
- Showcase your products, services, or expertise to businesses looking for real-world, implementable solutions;

For businesses operating in or adjacent to the clean technology space, such as solar and renewable energy providers, construction and building materials suppliers, energy auditors, efficiency retrofit specialists, and related services, this summit offers a valuable opportunity to connect with new customers and partners.

Your support helps create a welcoming space for learning, connection, and shared progress.
